Heartland Marine Finance

We love boats. We know you do too. That's why we offer competitive, flexible finance solutions – so you can get out on the water and enjoy the great kiwi boating lifestyle.

Getting that boat you've dreamed about

Whether it's 4 metres or 40 metres, for cruising, fishing or diving – we can tailor a finance solution to get you the boat of your dreams.

We also finance jetskis, inflatables, outboard motors and trailers – and even the vehicle to tow your boat.

With a Heartland Marine Finance Loan, the boat you're purchasing is the only security we'll need. The deposit amount is flexible and the term can be up to 5 years – it's all arranged to suit you.

Smartening up your boat

If your boat's looking a little tired, think Heartland Marine Finance. We offer loans for all kinds of refurbishment, like that new galley, interior fittings, electronics package, painting, or any capital equipment – so you can bring your pride and joy back up to scratch.

Heartland Leisure Finance

If you like to take in the scenery from land rather than the water, we can help you with finance.

Spend your leisure time the way you've always wanted

Perhaps you'd like to explore the countryside in a camper or caravan, or maybe you want to feel the wind on your face as you cruise on your dream motorbike. Whatever your vision, we can offer you a competitive finance solution that will make it come true.

Whether it be a camper, caravan or Harley, call us to talk finance.
